(a) runs with the land; and

(b) may be changed to another mining use without losing its status as a vested mining use.

- (a) progress, extend, enlarge, grow, or expand the vested mining use to any surface or subsurface land or mineral estate that the mine operator owns or controls;
 - (b) expand the vested mining use to any new land that:
 - (i) is contiguous and related in mineralization to surface or subsurface land or a mineral estate that the mine operator already owns or controls;
 - (ii) contains minerals that are part of the same mineral trend as the minerals that the mine operator already owns or controls; or
 - (iii) is a geologic offshoot to surface or subsurface land or a mineral estate that the mine operator already owns or controls;
 - (c) use, operate, construct, reconstruct, restore, extend, expand, maintain, repair, alter, substitute, modernize, upgrade, and replace equipment, processes, facilities, and buildings on any surface or subsurface land or mineral estate that the mine operator owns or controls;
 - (d) increase production or volume, alter the method of mining or processing, and mine or process a different or additional mineral than previously mined or owned on any surface or subsurface land or mineral estate that the mine operator owns or controls;
- and

(e) discontinue, suspend, terminate, deactivate, or continue and reactivate, temporarily or permanently, all or any part of the mining use.

 - (ii) to each applicable legislative body.

(Bb) the public meeting or hearing; and

(II) to each owner of the surface estate of the new land.

(ii) A public meeting or hearing under Subsection (2)(d)(i) serves to provide sufficient public notice of the mine operator's intent to expand the vested mining use to the new land.

(e) After the public meeting or hearing under Subsection (2)(d)(ii), a mine operator may expand a vested mining use to new land without any action by an applicable legislative body, unless there is clear and convincing evidence in the record that the expansion to new land will imminently endanger the public health, safety, and welfare.

(3) If a mine operator expands a vested mining use to new land, as authorized under this section:

(a) the mine operator's rights under the vested mining use with respect to land on which the vested mining use occurs apply with equal force after the expansion to the new land; and

(b) the mining protection area that includes land on which the vested mining use occurs is expanded to include the new land.
